LIGHTWEIGHT WIRELESS

Mode change over switch

Sensor: PAW3395®

Buttons: 6

Operating distance: 10 m

Modes: BT5.2, 2.4G, wired

DPI: 800-1600-3200-4800-8000-26000

Switch rating: 80 million clicks

Backlight: RGB

Polling rate: 1000Hz (wired & 2.4G mode)

Polling rate: 125Hz(BT mode)

Battery specifications: 3.7V-300mAh

Charging voltage & current: 5V = 250mA

Working voltage & current: 5V = 250mA (Wired)

3.7V = 20mA (Wireless-On light, continuous 20H)

3.7V = 10mA (Wireless-Off light, continuous 40H)

Charging time: 2.5H

Type-C cable length: 1.6m

Product size: 123*61*39mm

Weight: 58g

OS support: Windows, MAC, iOS, Android

PRODUCT PRESENTATION

1. FEATURES

- High-profile design with optimum palm support
- Quick 6-step DPI selection up to 26000
- RGB backlight with multiple selectable lighting schemes
- Rubber scroll wheel for enhanced precision
- Advanced customization software
- Optimized 80 million times micro switches with a crisp clicking feel
- Ultra-lightweight, as low as 58 g, and easier to be used for a long time without
- BT, 2.4G and BT wireless tri-mode connection, to meet the game, leisure, office and other occasions

2. SYSTEM REQUIREMENTS

Wired and 2.4G systems support Window 7/8/10/11; MAC OS 10.12 or above, IOS 13.6 or above; Android 6.0 or above;

BT WIRELESS supports Ble protocol; Window 7/8/10/11; MAC OS 10.12 or above, IOS 13.6 or above, ANDROID 6.0 or above.

SAFETY NOTES

- Keep the equipment dry. Keep away from precipitation, humidity, all types of liquids and condensation.
- Do not use the product with wet hands.
- Do not use or store the equipment in dusty or dirty areas.
- Do not store the equipment under high-temperature or low-temperature conditions (this may damage it).
- Do not drop, knock or shake the equipment as it may damage it.

INSTALLATION

Connect the mouse to an available USB port on your computer. When connecting for the first time, wait 15 seconds until the generic driver is installed.

2.4G RECEIVER

For advanced mouse configuration, please download and install the specialized driver at www.marvo-tech.com (an Internet connection is required):

- download the driver and double-click the executable file:
- follow the on-screen instructions and install the application:
- after installing the application successfully, an icon will be displayed in the taskbar;
- double-click this icon to launch the application.

USE

1. DPI switch:

Press the buttons below the scroll wheel to change the sensitivity according to predefined DPI steps.

2 Power switch:

Toggle forward to power off, toggle backward to power on.

3.Wired connection:

Plug and play, power on the mouse, plug the Type-C into the Type-C interface of the mouse, plug the USB into the port on your computer.

4. 2.4G connection:

Power on the mouse, short press the mode button switch to 2.4G mode, at this time the red indicator slow flashes, and then press and hold the mode button for 3s until the red indicator fast flashes, plug the USB 2.4G receiver until the code matching is successful.

2.4G NAME G995W MOUSE

5.BT connection:

Power on the mouse, short press the mode button switch to BT1/2 mode, at this time the green/blue indicator slow flashes, and then press and hold the mode button for 3s until the green/blue indicator fast flashes, open the device BT settings, enter to search for BT name "G995W BT1" / "G995W BT2" and connect to pair.

BT NAME G995W BT1 / G995W BT2

6. Charging instruction

Wired connection status, while mouse is charging, light indicates red breathing light. Full charging time is approximately 2.5 hours, and once fully charged, the mouse light will return to the light that before charging mode.

7. RGB light mode switching:

Press the "scroll wheel + backward button" to switch light modes.

8. Battery saving mode:

The mouse light will turn off after 1 minutes of inactivity and the mouse will enter sleep mode after 10 minutes of inactivity. Press any key to wake it up.

TROUBLESHOOTING

In case of incorrect operation follow the steps below:

- Check the integrity of the connectors;
- Check the connection to the computer;
- Check your computer settings;
- Disconnect and reconnect the equipment; restart the computer.

If the problem persists, please contact your local seller.

GENERAL INFORMATION

- Unauthorized repairs or disassembly of the product will void the warranty and may cause its damage.
- This product is safe and complies to EU requirements.
- This product is manufactured conforming with the European RoHS standard. This standard was introduced to reduce the amount of electrical and electronic waste emitted into the atmosphere.
- Using the WEEE symbol (the crossed-out bin) indicates that the electrical and electronic equipment inside the package can be recycled. When recycling waste properly, you protect the environment and people health. Segregated household waste collection, aids recycle materials and components used for the production of this device. For detailed information about recycling, please contact your retailer or a local authority.

IT ALL BEGINS WITH GREAT PERFORMANCE AND CULMINATES IN SUPERIOR QUALITY
